Supplementary information on about Cultivate to support our street trading application

Cultivate Oxford (www.cultivateoxford.org) is a not-for-profit social enterprise owned by the community. Cultivate was set up to support local, sustainable food growing and to make local food more readily available to people in Oxfordshire. We currently do this in two ways:

- 1. We run a growing project on 5 acres at the Earth Trust in Little Wittenham, where we host volunteer days and are developing educational programmes.
- 2. We run the VegVan mobile shop, which currently has stops in Summertown, East Oxford, Oxford railway station and South Oxford Farmers' Market. The VegVan sells fresh produce from the Cultivate market garden project and up to 10 other small growers, providing a range of local produce unavailable anywhere apart from farmers markets.

Our street trading license has led to great success in Summertown. Local residents are very happy to see us there, we add diversity to the area, and we generate income to further the goals of our social enterprise (keeping money in the local food economy, reducing the environmental impact of our food system and engaging the public in our work). We do however need to expand our trading to reach financial sustainability — this is where a new trading spot in Jericho comes in.

We would be grateful if the committee would take into account when considering this application that Cultivate is a non-profit organisation – all profits are re-invested towards its social aims; the unique nature of the project – there are only a handful of similar projects in the country; the need for local food; and the small number of trading hours requested.

In gauging whether the VegVan should be eligible for this kind of support, it may be worthy of note that Cultivate is currently supported by Oxfordshire County Council through the Community Action Group (CAG) Network, and South Oxfordshire District Council through the LEADER programme. We were recipients of Oxfordshire Community and Voluntary Action's Best Fundraising Award 2012 for our community-owned structure.
