Rationale	Cycling is a priority review topic for the City Council's Scrutiny Committee. Purpose of Review/Objective	<p>The primary purpose of the review is to inform how the City Council can maximise the impact of its unallocated Cycling investments (£50k in 2016/17) on improving cycling take up, safety and connectivity.</p> <p>The Review Group aims to do this by engaging with relevant experts and producing a costed priority list of recommended cycling improvements.</p> <p>Secondary objectives are to:</p> <ul style="list-style-type: none"> - Produce a 'wish list' of additional priority schemes that go beyond the £50k. - Consider the merits of further City Council investments beyond 2016/17. - Consider the level of revenue needed to support the delivery of capital schemes. - Consider mechanisms to make sure that cycle routes and provision are considered in planning decisions. - Understand what research data already exists. - Understand and seek to influence the County Council's cycling priorities. - Influence a cycling event to be held in summer 2015. - Explore the feasibility and cost of cycling apps and abandoned bike recycling schemes.

Indicators of Success	<p>The Review Group recommends costed priority projects covering all City Council contributions that would help to increase cycling take up, safety and connectivity.</p> <p>Broad agreement on recommended schemes amongst Review Group Members and stakeholders.</p> <p>The majority of recommendations are accepted by the Board Member/CEB.</p> <p>The Review Group is able to influence/inform the County Council's prioritisation of cycling schemes.</p>
