	Very dissatisfied

Since the local housing office is no longer here we do not get the same response to problems we encountered many years ago.

I can talk at least about my floor, the third one, there are no so many bad behaviours.

Q7. How do you think security could be improved (or anti-social behaviour reduced) at your block? *Please state any suggestions you have and continue on a separate sheet if needed:*

We have been asking for camera for years as we believe this would improve the situation.

More police and support officers observation and patrols in appropriate areas

The problem is people are gaining access by just using the intercom system to certain flats to gain entry.

With a better selection of eventual tenants – with a decent background and politeness – why the CCTV cameras have not been installed on this block like on the others, as far as I know.
