10. PLANNING MATERIAL CONSIDERATIONS

10.1. Officers consider the determining issues to be:

- i. Design;

ii. Residential Amenity

i. **Design and Impact on Character of Surrounding Area**

- 10.2. Policies CP1, CP8, CP10, CS18 and HP9 seek to ensure that development is well designed and relates well to the existing house and surroundings.
- 10.3. A number of properties within the Barton Estate have recently been upgraded with external insulation and finished with brick and render. The proposed rendering of the entrance blocks to the flats within Barton is considered acceptable, given the mixed use of materials throughout the estate. The proposal responds well to the local context by using a polar white coloured render. The dwellings surrounding the site feature different finishes, some with metal panelling and others with brick and render. The proposed rendering of the entrance blocks would respond appropriately to the existing flats and to the surrounding area. The proposed rendering would add interest to the existing blocks of flats and would be used on the porches only. The proposal would not detract from the character and appearance of the area.
- 10.4. The proposal is considered to comply with CP1, CP8 and CP10 of the Local Plan, CS18 of the Core Strategy, HP9 of the Sites and Housing Plan and the NPPF.

ii. **Impact on Neighbouring Amenity**

- 10.5. Policy HP14 of the Sites and Housing Plan states that planning permission will only be granted for development that provides reasonable privacy and daylight to neighbouring properties, does not have an overbearing impact or result in a loss of outlook afforded to neighbouring properties.
- 10.6. There are a number of residential properties opposite the application site. Given the nature of the proposal, there will be no impact on the light afforded to the neighbouring properties, nor will the proposal have an overbearing impact or result in a loss of outlook or privacy.
- 10.7. The proposal is considered to comply with HP14 of the Sites and Housing Plan.

11. CONCLUSION

- 11.1. The proposed development is considered acceptable in design terms and will not detract from the character and appearance of the surrounding area. The proposal is therefore considered to comply with CP1, CP8 and CP10 of the Local Plan, HP9 of the Sites and Housing Plan and CS18 of the Core Strategy.
- 11.2. It is recommended that the Committee resolve to grant planning permission for the development proposed.

12. CONDITIONS

- 1 The development to which this permission relates must be begun not later than the expiration of three years from the date of this permission.

Reason: In accordance with Section 91(1) of the Town and Country Planning Act 1990 as amended by the Planning Compulsory Purchase Act 2004.

- 2 The development permitted shall be constructed in complete accordance with the specifications in the application and approved plans listed below, unless otherwise agreed in writing by the local planning authority.

Reason: To avoid doubt and to ensure an acceptable development as indicated on the submitted drawings in accordance with policy CP1 of the Oxford Local Plan 2001-2016.

- 3 The materials to be used in the external elevations of the new development shall be as specified in the application form.

Reason: To ensure that the new development is in keeping with existing building(s) in accordance with policies CP1 and CP8 of the Adopted Oxford Local Plan 2001-2016.

INFORMATIVES :-

- 1 In accordance with guidance set out in the National Planning Policy Framework, the Council tries to work positively and proactively with applicants towards achieving sustainable development that accords with the Development Plan and national planning policy objectives. This includes the offer of pre-application advice and, where reasonable and appropriate, the opportunity to submit amended proposals as well as time for constructive discussions during the course of the determination of an application. However, development that is not sustainable and that fails to accord with the requirements of the Development Plan and/or relevant national policy guidance will normally be refused. The Council expects applicants and their agents to adopt a similarly proactive approach in pursuit of sustainable development.
