**Scrutiny responsibility: Finance**

**RECOMMENDATIONS**

That the Executive Board agrees to:

1. Consider and endorse the joint County Council and City Council response, as attached hereto, to the Cornmarket Reconstruction Scheme Joint Scrutiny Review.

1. In February 2005 the Cornmarket Joint Scrutiny Review Group produced a written report setting out the findings and conclusions of its review of the Cornmarket Street reconstruction scheme. This report made a number of recommendations, the last of which was that the two authorities should produce a joint response, incorporating an action plan, for consideration by their respective executives. The attached response and action plan have been compiled by and agreed between officers of the two Councils, and are now being submitted for consideration by each authority's executive body.
2. The Executive Board is therefore now asked to consider the report and action plan and, if appropriate, to endorse the City Council's involvement in and contribution thereto as set out therein.
