RECOMMENDATIONS

That the Executive Board agrees to:

- 1. Note the progress that Oxford City Council has made towards the Implementing Electronic Government deadline.**
- 2. Agree Oxford City Council's IEG 4.5 submission.**

1. Summary

As you will be aware, e-Government is not just about information technology but also about putting the citizen at the heart of everything that Oxford City Council does. It is about looking at our services and changing the way that we do things to make them more accessible to the customer. This report provides information about how the council is progressing with its e-Government programme and how far it has reached towards the December 2005 (100% electronic enablement*) deadline set by central government

2. Background and Context

The Council is required to submit this interim progress report to the ODPM. The ODPM request that Executive Board has agreed the submission.

*The ODPM is currently reviewing this target
