Dear Councillor MacGregor,

As you are aware the draft play area action framework is currently out to consultation and the consultation period ends at the end of March. The draft report does highlight two play areas within your ward for closure – Quarry hollow and also Sermon Close based on the fact that there are other play areas within the vicinity. At the end of the consultation period the feedback will be analysed and the play area action framework amended accordingly and then this will be reported to the Executive Board for decision.

The Parks department have undertaken a lot of hard work in securing additional funding for play areas including the successful lottery bid and will be in due course investigating further options for funding utilising the play area action framework as a tool for securing such funding.

Yours sincerely,

Councillor Armitage
