**Cc:** LEE Christopher (Media); 'CPRE'  
**Subject:** City Executive Board 22 October 2008 - additional information

### Speakers

I have been advised that representatives of the Liberal Democrat Group wish to speak on items 5 (Recycling for flats, maisonettes and retirement homes), 12 (Annual grants prospectus), 14 (Appointment to City of Oxford Charities and Oxford Leon Trust) and C1 (Bonn Square progress report). Councillor Stephen Brown is the lead speaker but Councillor Mohammed Altaf-Khan may also be attending and may wish to speak instead of or as well as Councillor Brown on some items.

### Item 3 - Public Questions

The following question relating to item item 15 (Land south of Grenoble Road - possible south Oxford urban extension) has been submitted by Michael Tyce of the Campaign to Protect Rural England

"Does the Board not agree that there is a clear conflict, against the public interest, and against the interests of transparency and proper governance, in the City setting up and being part of a consortium to achieve a financial gain from a grant of planning permission to develop land South of Grenoble Road at the same time as, through its application to the Boundary Commission, seeking to become the planning authority making the planning decision from which the financial gain would flow?"

CPRE is unable to send anyone to the meeting and Mr Tyce has asked if it is possible for this question to be read out on their behalf.

### Item 15 - Land south of Grenoble Road - possible south Oxford urban extension

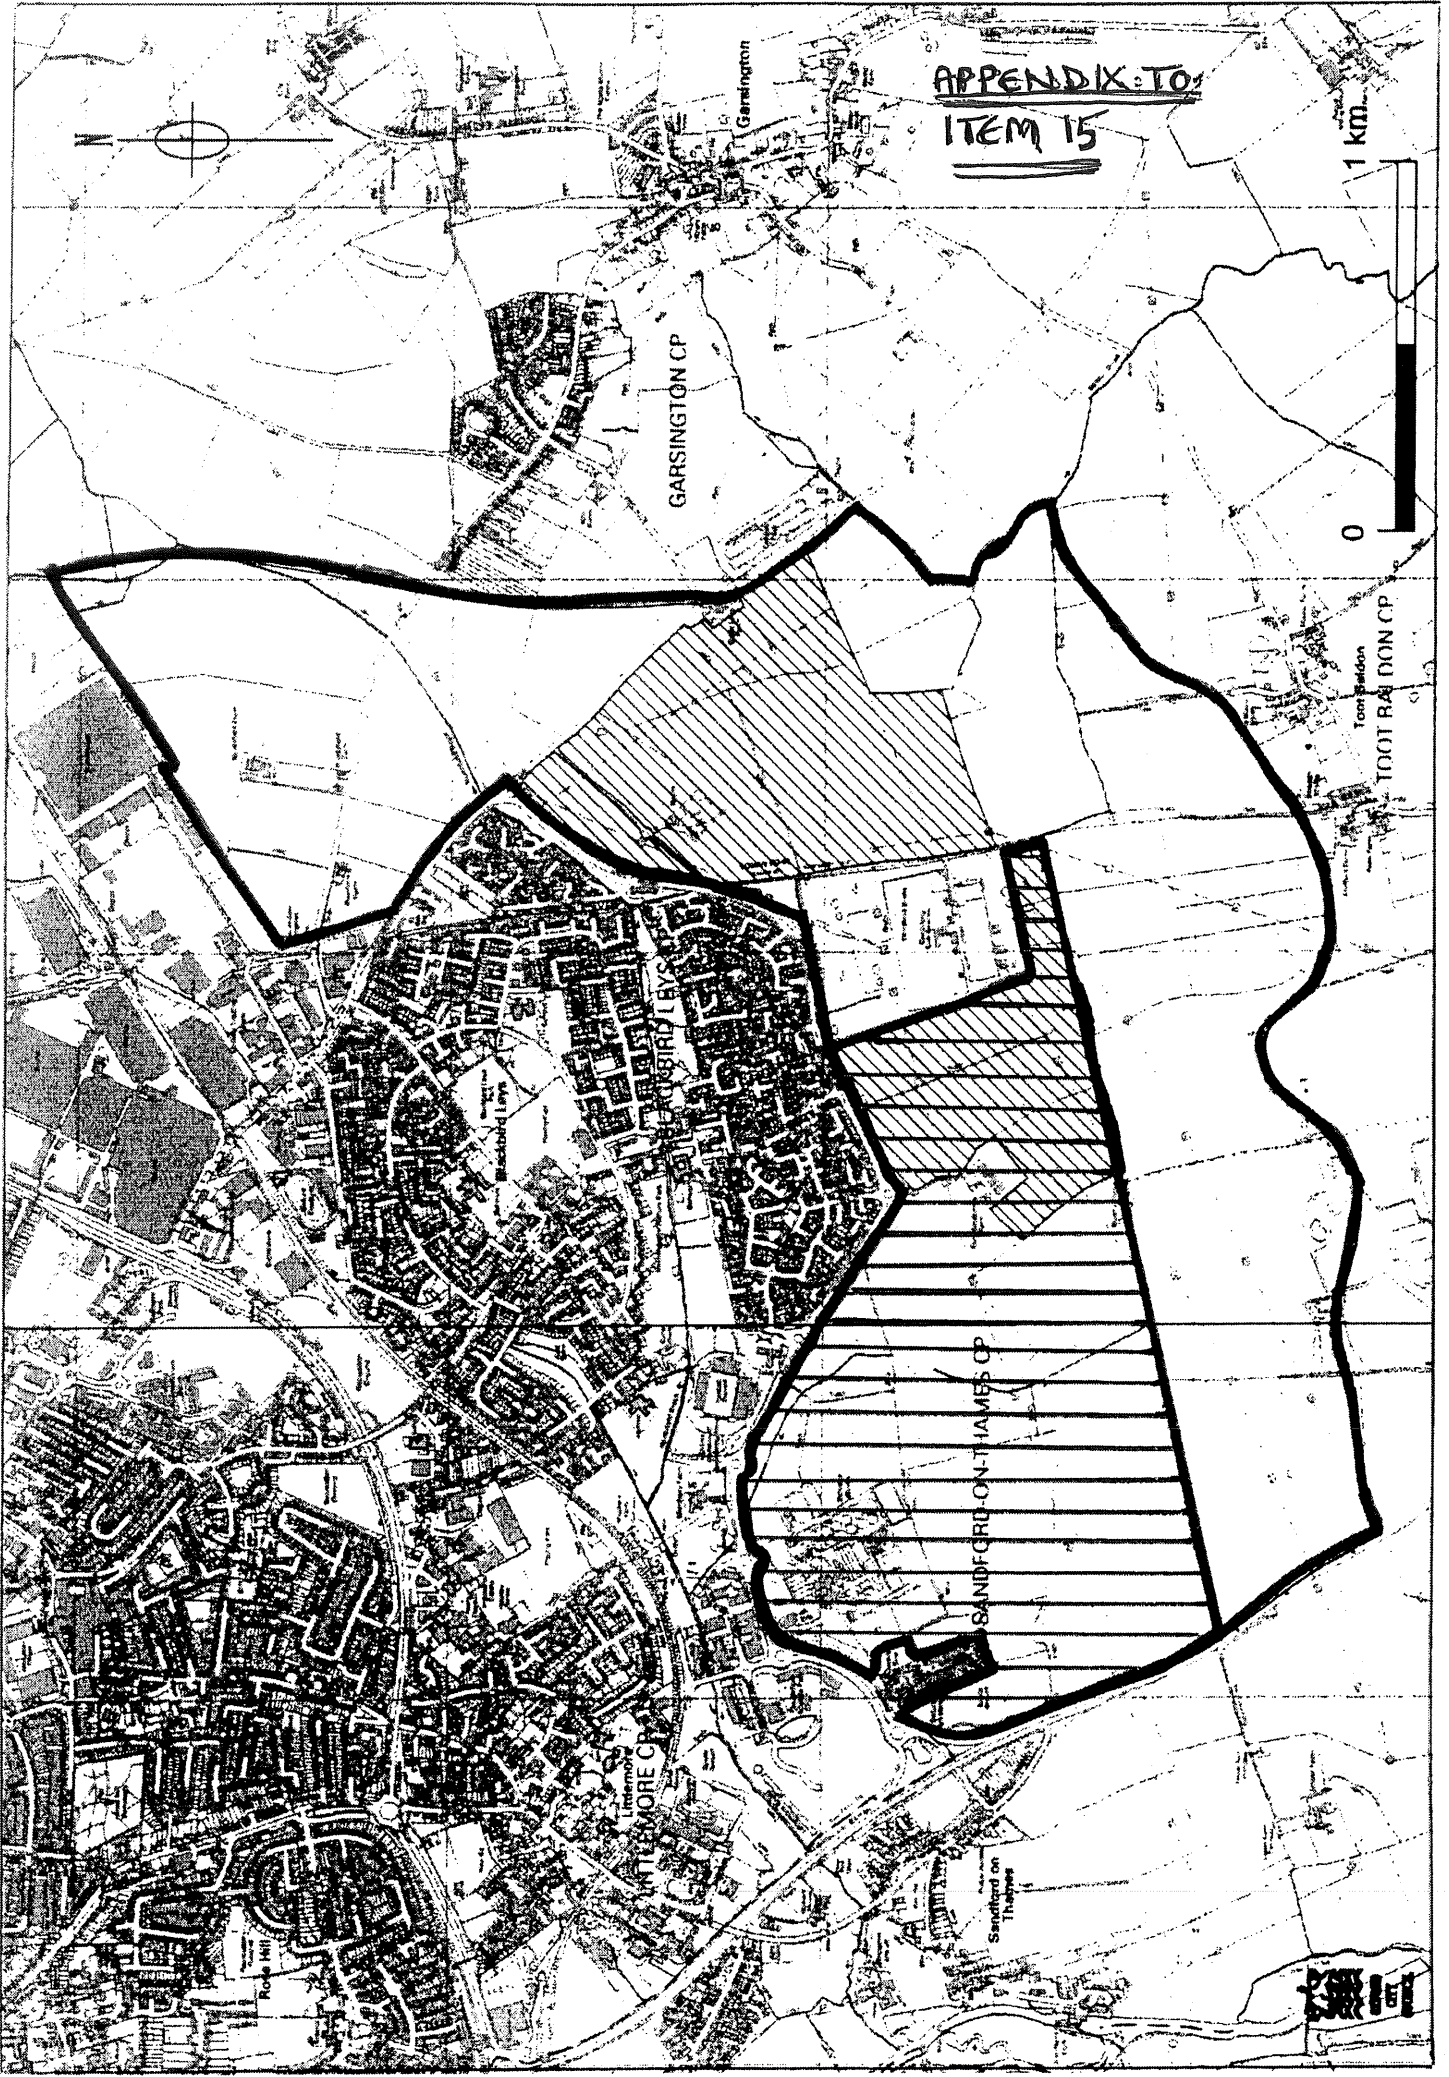

I attach an improved version of the plan appended to the report.
