

**City Regeneration Framework Action Plan
Children, Young People and Families**

OBJECTIVE	Key Strategy	Delivery group/ Linked Strategies and Plans	Lead person	Key Actions	Milestones	Performance Indicators	Progress Update
To improve outcomes for vulnerable families with complex needs living in target area postcodes through early intervention	Increase the take up of Children Centres services by vulnerable children and families	CYP& F Plan CC Delivery Plans	Frances Duffy	Focus on referrals from partner agencies, especially health and social care to prioritise outreach and other services	Evidence of year on year increase in reach to target groups including, lone and teenage parents, fathers, parents of children with disabilities	Increase in ESTART reach figures for vulnerable families recorded at TRC, The Leys and RHLM CC's	
	Expansion of family support and childcare opportunities for vulnerable children and families	CYP& F Plan	Frances Duffy	TEN to TWO advice/information for HV's/parents/providers to increase take up in targeted areas	Evidence of increase in take up of childcare places by eligible families in target areas, using central data	Increased number of families been assisted under the scheme by each of the 3 CC's	
	New county "hubs" in target areas combining a range of intervention services (<i>this</i>		Jan Paine	Agree choice of sites and staffing for each one	Efficient management and delivery of county services, linked / co-located with complementary services from partners Hub venues available for		

	<i>line should be expanded in due course to cover all outcomes)</i>				use from April 2011		
			James Carter	Family Intervention Project	Continuous support for families during changeover to hubs	81 families by April 2011	
To raise achievement of all children aged 5 – 19 living in target area postcodes			Chris Scrivener	Connect schools with outside partners in breaking cycles of deprivation	Involve head teachers in defining and delivering “added value” work Meet with heads in January 2011		
To increase the social & community contribution of young people living in target area postcodes	Implement Young People Coordination Groups in each target area.		Richard Adams Neil Holman	Groups developed. Groups tasked with coordinating activities in response to local area need.	Barton group in operation run by the BCA. CDI/Youth Service knife crime project on BBL. Positive Futures Programme to include an apprentice. Holiday activities delivered in partnership with local groups.	As at Nov 2010 1369 young people accessed the holiday activities. Over 1000 to access activities in deprived areas in 2010-11	
	Use positive activities to support young people who are moving from primary to secondary school.	Positive Activities Steering Group and Delivery Plan	.Ruth Ashwell	Review existing services and improve how services are delivered.	Develop a pilot with one school partnership and a range of positive activities service providers. 01/04/11 Identify the services currently in place15/12/10 Recommend new approaches using non-school based activities. 31/01/11	<i>Numbers accessing activities</i> <i>Reduction in truants and exclusions</i>	
	Roll-out the	NEETS	Ruth Ashwell	Identify interventions	Undertake a review and	Numbers of	

	recommendations from the NEET pilot review to other target areas, mainstream the approaches and identify and action plan the causes of NEET young people.	Central Group and Action Plan		that could prevent young people from becoming NEET and ascertain the feasibility of them being mainstreamed.	identify recommendations. 12/12/10 Implement recommendations in other target areas. 1/4/11 Identify recommendations that can be mainstreamed within statutory services thus improving their approach to supporting NEETs. 1/4/11	NEETS reduced	
	.Reduce youth re-offending	YOS Action Plan	.Richard Adams Neil Holman and Ruth Ashwell	Develop a custody-based intervention project for young people after first arrest	Develop the scope for a project based on national practice. 31/1/11 Assess the opportunities for involvement of YOS 31/1/11		
To reduce poverty and improve social inclusion	Financial Inclusion Training programme	City Community Safety partnership	Simon Morton (TVP)	Illegal lenders are closely related to other criminal activity(often drugs, large amounts of stolen money etc are found whilst executing a warrant). Training will increase awareness of the problem, more intelligence and policing/Trading Standards operations.	Develop training programme for police and other community safety teams on illegal lenders in areas of deprivation. Programme delivered and completed by 31 st March 2012 to all PCSO's, CANAcT and Street wardens.
