Provision of cycle spaces (amended description) to allow changes to fenestration, rooflights, roof structure and flood void arrangement at 16 East Street, Oxford, OX2 0AU.

In presenting the report, the Planning Officer explained that the applicant had now discharged condition 5 of the original planning permission, 19/00249/FUL. Officers therefore proposed to update condition 5 in Section 12 of the report to read:

*“The proposed development shall take place in accordance with the submitted letter of intent, confirming a contract between the applicant and contractors for the demolition of the existing building and construction of a building shell, (dated 13/1/21) approved under application reference 19/00249/CND4”*

*Reason:- to ensure that the premature demolition of the buildings does not take place to the detriment of the special character and appearance of the Conservation Area, in accordance with Policies DH1 And DH3 Oxford Local Plan 2036.*

The Planning Officer informed the Committee that work had commenced on demolishing the existing building as all of the pre-commencement conditions attached to the original permission had been discharged.

Vernon Orr and Bianca Elgar (local residents) spoke objecting to the application. They referred to the consultation process and questioned the validity of the application’s supporting paperwork.

Adrian James (the architect and agent) spoke in support of the application.
