Forecast Completion Date	Comments	% Complete
31/8/2012	Will be resolved as part of the Windows 7 upgrade project	70
30/6/2012	This has been an audit requirement for several years. In 2012/13 a decision will be made to determine the extent and detail associated with a stock condition survey for the HRA stock. Part of the brief will be to review information that will enhance the Council's ability to meet the data requirements of this audit query. However, discussions with our external auditor's are needed to ascertain the relevance of this requirement given the abolishment of the old subsidy regime.	100
28/9/2012	Will be received as mark of the Market	50
28/9/2012	Will be resolved as part of the M drive project, the scope of this project is being reviewed and timescales will be in place within the next two months	50
30/9/2012	procedure notes are being updated	70
30/6/12	Improvements have been made to the number of day taken to process changes and this has been below 10 days for the last two months, working will continue on reviewing process to ensure that this remains under 10 days.	100
30/9/12	Reconciliation between Agresso and Uniform has been completed identifying a number of reconciling items, these are being investigated and resolved	75

	All risk assessments are now on the Risk Ex system.	100
	Procedure notes to be formally reviewed, updated and publicised internally so that all council depts are aware of the procedures.	0
	Finance to investigate the viability of giving departmental access to the Zurich website and asking insurance provider to provide training to departments	0
31/8/12	The additional post of Senior Office is still being recruited into, however a deputy benefits manager has been recruited and has started a review of the Quality process.	50
31/12/12	The council has now applied the learning and development module onto the I-Trent system, and milestones have been set to ensure all Health & Safety training is logged through the system going forward	50
	Continue to communicate any key messages from our Insurance provider and following retender arrange training for relevant departments. Individuals to continue to share good practice on reviewing and monitoring claims	0
	Consider implementation of some relevant KPIs to monitor insurance performance, these will be incorporated as part of revision to procedures notes	0
	Update procedure notes to ensure that departments are aware of the requirement to store data securely	0
	The retender process is in progress and a review of all covers has been started through this process	50
	Arrangements are already in place to monitor performance including Corporate Management Team, Health and Safety Committee and monitoring within Direct Services. Milestones have been set to ensure that this work is completed by the due date set.	0
