

MOTIONS ON NOTICE – taken motions from Green, Labour, Liberal Democrat groups in turn.

(1) Making Oxford a Social Enterprise City(Proposed by Councillor Wolff, seconded by Councillor Thomas)

Green Group Member – Motion on Notice

This Council welcomes the announcement that Oxfordshire has become the UK's first Social Enterprise County and congratulates the Oxfordshire Social Enterprise Partnership (OSEP), an innovative new partnership set up by Oxford Brookes University, the University of Oxford and Student Hubs to foster and support social enterprise locally.

This Council recognises the value of Social Enterprises to the Council and the local economy and aspires to join other cities in becoming one of the UK's first Social Enterprise Cities.

This would require, amongst other things, that the Council:

- Establish business rate policies which support long-term and sustainable social and economic value creation.
- Explore the possibility of creating “Meanwhile Enterprise Zones” and “Social Enterprise Zones”.
- Review its policies to ensure that it is commissioning, procuring and buying goods and services in a manner which maximises social value (under the Social Value Act).
- Provide funding support for social innovations and social enterprises
- Look at ways and means of stimulating and supporting social enterprise in the area

Council therefore asks CEB to instruct officers to draw up a draft Social Enterprise Strategy for Oxford City.

Amendment from Councillor Price

Delete ‘the Council and’ in the second paragraph.

Amend the third paragraph as follows:

Council notes with pleasure the support that the Economic Development team and the OSP Economic Development Steering group have already given to OSEP, and the close working relationship that has been developed. To take the relationship further, and to support the aspirations of the Partnership, Council recommends that the following areas of work should be pursued;

- The creation of Social Enterprise Zones
- The purchasing by the Council and its contractor of goods and services in such a way as to maximise social value under the Social Value Act
- Funding opportunities for social enterprises

- Methods of stimulating and supporting social enterprise initiatives in the city region

And replace the last sentence with:

Council would welcome a policy review paper on social enterprise in the city for OSP and Scrutiny discussion.

Motion as amended would then read

This Council welcomes the announcement that Oxfordshire has become the UK's first Social Enterprise County and congratulates the Oxfordshire Social Enterprise Partnership (OSEP), an innovative new partnership set up by Oxford Brookes University, the University of Oxford and Student Hubs to foster and support social enterprise locally.

This Council recognises the value of Social Enterprises to ~~the Council~~ and the local economy and aspires to join other cities in becoming one of the UK's first Social Enterprise Cities.

Then replace the text with:

Council notes with pleasure the support that the Economic Development team and the OSP Economic Development Steering group have already given to OSEP, and the close working relationship that has been developed. To take the relationship further, and to support the aspirations of the Partnership, Council recommends that the following areas of work should be pursued;

- *The creation of Social Enterprise Zones*
- *The purchasing by the Council and its contractor of goods and services in such a way as to maximise social value under the Social Value Act*
- *Funding opportunities for social enterprises*
- *Methods of stimulating and supporting social enterprise initiatives in the city region*

Council would welcome a policy review paper on social enterprise in the city for OSP and Scrutiny discussion.

(2) Personalised tax summaries (proposed by Councillor Paule, seconded by Councillor Clack).

Labour Group Member – Motion on Notice

This council believes that Chancellor George Osborne's tax summary offering a personalised breakdown of where taxpayers' money is going is deliberately misleading and aims to support punitive Conservative economic policy. In particular, the items included under welfare - such as pensions, including MP's pensions - aim to create unfounded anxieties about welfare spending (in fact, JSA spending is less than 0.6% of tax revenues). This data is sent out by HMRC which should be a politically neutral body. This is not only a waste of public funds but a blatant abuse of government powers. We condemn this policy and ask the council leader to write to the Treasury expressing our concerns.

(3) Improving safety for cyclists(proposed by Councillor Gant)

Liberal Democrat Group Member – Motion on Notice

Council notes with great concern the recent accidents involving cyclists and lorries in Oxford.

Council believes that accidents could be reduced by requiring lorries to have safety equipment, to the industry-led standard supported by the Mayor of London in December 2013, and therefore asks the Executive Board to amend Council policy to

- require all contractors working on council contracts in the city to have industry-standard safety equipment fitted on their lorries to alert cyclists to the presence of cyclists all round the vehicle.
- add a Planning condition, when granting permission for building in the city, requiring all contractors' lorries to have similar equipment.

Amendment from Councillor Price

in para 2 after ' December 2013' put a full stop. Then add:

'Council notes that it adopted a motion some two years ago which endorsed the need for goods vehicles to incorporate safety equipment of the type referred to.

It now asks the City Executive Board to'

Then the rest remains

Motion as amended would then read

Council notes with great concern the recent accidents involving cyclists and lorries in Oxford.

Council believes that accidents could be reduced by requiring lorries to have safety equipment, to the industry-led standard supported by the Mayor of London in December 2013.

Council notes that it adopted a motion some two years ago which endorsed the need for goods vehicles to incorporate safety equipment of the type referred to.

It now asks the City Executive Board to amend Council policy to

- require all contractors working on council contracts in the city to have industry-standard safety equipment fitted on their lorries to alert cyclists to the presence of cyclists all round the vehicle.
- add a Planning condition, when granting permission for building in the city, requiring all contractors' lorries to have similar equipment.

(4) Allocating space for council housing (proposed by Councillor Hollick, seconded by Councillor Thomas)

Green Group Member – Motion on Notice

Council notes:

- that Oxford is the least affordable city in the UK for housing.
- that the right to housing is a human right.
- that Local Development Orders can be made by local planning authorities to grant planning permission to specific types of development.

Council believes:

- that a significant increase in the supply of genuinely affordable housing is needed to meet the housing needs of people in our city.
- that council housing is the best option of all types of 'affordable' housing because of the low rents and security for tenants to stay in their home.
- that brownfield sites (previously built upon) are a limited resource in the city and should be used to supply much needed council homes.

Council calls for:

- a report to be considered by CEB that considers brownfield sites for allocation towards developments of council housing. This report would recommend how the use of Local Development Orders, or other tools, could be used to increase the supply of planning permission for quality council housing in the city.
