

Appendix 9

Application - East / West Rail - Splitting Section I into I1 and I2: 15/01978/CND

Appendix 9 –email from Network Rail 5 October 2015

This was received after the agenda publication and is issued as a supplementary appendix to the report. It should be read in conjunction with the rest of the report.

Sent: 05 October 2015 16:29

Dear Fiona,

Thank you for your letter of 30th September relating to our proposal to split Section I of the East West Rail Project.

After due consideration I can confirm that for reasons of programme efficiency, Network Rail will produce a Noise Scheme of Assessment for Section I2 and will implement the mitigating measures recommended.

I hope this meets with your approval and look forward to hearing of The Council's agreement to split Section I.

With kind regards

Andy Milne
Senior Programme Manager (East West Rail)
