	2016/17	2017/18	2018/19	2019/20		
Vibrant and Sustainable Economy						
Amount of employment floor space permitted for development	15,000 sqm	15,000 sqm	15,000 sqm	15,000 sqm	Amount of new employment (Class B) net increase in floor space granted full planning permission or reserved matters. Measured by indicator in the Annual Monitoring Report (AMR).	The measure is based on an estimate of the planning permissions coming forward over the next four years. This could potentially amount to a total of 60,000 sqm cumulatively over this period, including for example Phase 1 of Northern Gateway, Oxpens; Churchill Hospital, and Old Road. The total is split into annual assumptions however success should be measured over the four year period as a whole given cyclical fluctuations year on year.

Recorded annually VAT registrations (ONS)	Figs from 2009-14 range from 25-230. Meeting Housing Needs						

Number of new homes granted permission in the city	400	400	400	400	Recorded annually in the Annual Monitoring Report. Number of new homes granted full planning permission or reserved matters	<p>This measure is based on planning permissions granted rather than homes completed because it is within the councils influence whereas there are many factors that influence rate of completions not within our control and there would be a time lag on reporting completions whereas we can monitor progress on permissions continually.</p> <p>The target is based on what is achievable in the Local Plan. The amount of planning permissions will fluctuate year on year and success should be measured against the 4 year period as a whole. Between 2010/11 and 2014/15 the average number of homes granted was 404 per year.</p>
