193. WATERWAYS PUBLIC SPACE PROTECTION ORDER: PRE-CONSULTATION

The Executive Director, Community Services submitted a report which detailed proposals for consultation on a Public Spaces Protection Order for the principle waterways of Oxford.

The Executive Board Member, Crime, Community Safety and Licensing presented the report. She stressed that the focus of the draft Public Spaces Protection Order was on public spaces and not private property and that it was about enforcement at the lowest level to tackle unreasonable and anti-social

behaviour. She thanked the public and the Scrutiny Committee for their comments.

The Chair of the Scrutiny Committee presented the scrutiny report and recommendation on this issue. He explained that, following a lengthy debate, the majority of the Scrutiny Committee members had concluded that there was a reputational risk to the Council in proceeding with consultation as there had been insufficient involvement of key organisations at an early stage and the draft PSPO and supporting documentation needed revision.

The Chair of the City Executive Board thanked the Scrutiny Committee for its helpful contribution. He said that in response to the Scrutiny Committee's recommendation it was proposed that the Council's Public Engagement Board should consider all the points raised by Scrutiny and provide professional advice on the details of the proposed consultation process, and specifically, that it will ensure effective engagement with all interested parties, including but not limited to UMBEG (Unlawfully Moored Boat Enforcement Group) and NBTA (National Bargee Travellers Association) prior to commencement of the public consultation process.

- a) the Head of Law and Governance, and other relevant officers, should review the current drafting of the Order before it is published for consultation and agree an amended form with the Executive Board Member, Corporate Strategy and Economic Development before it is used in that process.

The Board noted that the Head of Law and Governance had reviewed the current drafting of the Order and proposed the following amendments to the draft Order:

1. That the draft prohibition at (d) be amended to read 'No person shall create smoke, noise or fumes in such a manner as to give reasonable grounds for annoyance to any person.'
2. That the draft prohibition at (e) be amended to read 'No person shall damage waterways habitats, signage, lifebelts, fencing or other waterways infrastructure.'

The City Executive Board resolved to:

1. **Approve** consultation on the Public Spaces Protection Order for the principle waterways of Oxford, , as amended by the Head of Law and Governance and subject to the following condition:
 - a) that the Council's Public Engagement Board should consider all the points raised by Scrutiny and provide professional advice on the details of the proposed consultation process, and specifically, that it will ensure effective engagement with all interested parties, including but not limited to UMBEG (Unlawfully Moored Boat Enforcement Group) and NBTA (National Bargee Travellers Association) prior to commencement of the public consultation process.

The Executive Board Member, Finance, Corporate Asset Management and Public Health presented the report. He highlighted the favourable variance on car park income and commented on two main areas of concern: the continuing pressures of providing support to the homeless and the shortfall on the number of apprenticeships.

The Board acknowledged that the of the government changes to benefits had significant implications for the General Fund and HRA and that it should be recorded as such in the risk register. The Board also noted with concern the forecast underspend on the Educational Attainment budget, which was exacerbated by the lack of staff resources available at the County Council to work with the City Council to develop expenditure plans.

The City Executive Board resolved to:

1. **Note** the projected outturn position and the performance and associated risk information contained in the report; and
2. **Recommend Council to** approve an additional capital budget of £0.150 million for electrical works at Cowley Marsh Depot to be funded from the service's projected underspend.

Cllr Fooks left the meeting at the end of this item.

196. UNIVERSAL CREDIT DELIVERY PARTNERSHIP AGREEMENT

The Revenues & Benefits Programme Manager presented the report which detailed the proposed Delivery Partnership Agreement with the Department of Work and Pensions for the provision of services required for 2016 and in subsequent years as a consequence of the roll out of Universal Credit.

The Board noted that the main risk to the Council was reputational and linked to the need to adequately resource the support service as demand increased in future years.

The Board Member for Customer and Corporate Services thanked the Scrutiny Committee for its thorough discussion of the report and confirmed that she had accepted the three recommendations. In conclusion she said that this was a good example of how the City and District Councils could work together to provide a co-ordinated support service.

The City Executive Board resolved to:

1. **Authorise** the Executive Director for Organisational Development and Corporate Services to enter into arrangements with the Department of Work and Pensions for the provision of services for the delivery of Universal Credit in 2016 and in subsequent years, provided that (s)he is satisfied that the full terms of the agreement are acceptable and properly reflect the principles set out in the report.

The Revenues & Benefits Programme Manager introduced the report which sought approval to deliver a project supporting young people into employment, education or training subject to securing funding from the European Structural & Investment Fund. He explained that this was a key project as the unemployment level for under 25s in the county remained relatively high at 4% compared to the overall unemployment level of 1%.

The Board Member for Customer and Corporate Services said that this was a good example of how the City was working with the District Councils to deliver a co-ordinated support service.

The Executive Board Member, Housing presented the report and confirmed the Council's commitment to ending rough sleeping within the City by supporting homeless people and those threatened with homelessness into sustainable accommodation, as evidenced by the £1.2M budget provision.

In discussion the Board considered the following points:

- the particular problems facing people living in a "tent city" and the ways in which the Council could support them, for example, by relocating them to established campsites as an interim measure
- that the Council's rough sleeping team do use existing links to ensure that rough sleepers and people in a "tent city" have access to medical services
- that there was a further group of people who needed support, the "hidden homeless" who although not sleeping on the street were living in vehicles etc

The Executive Board Member, Housing presented the report and thanked the Strategy and Service Development Manager for her excellent work and contribution to this issue.

The Board noted the following points:

- the need for the City Council to proactively work in partnership with Registered Providers, the County Council and Clinical Commissioning Group to identify the need for extra care, specialist and general needs accommodation that is suitable for older people in the future
- the refocussing of accommodation provision towards older people, 75 years of age and older, or those persons who are younger but with significant health needs

The Executive Board Member, Housing presented the report. With regard to the recommendations from the Scrutiny Committee he confirmed that he was happy to accept the first recommendation. He explained that he could not accept the second recommendation as it was necessary to strike a balance between urgency and accountability.

The Board noted that although the tenure options for housing at Barton Park was determined by the existing s106 agreement, there would be considerable scope to include a wide range of tenures in future housing projects undertaken by the housing company.
