Council considered a petition meeting the criteria for debate in accordance with the Council's petitions scheme stating:

***We the undersigned petition the council to work cross-party and support the development of leisure facilities at Oxford Stadium in line with the Local Plan, but that do not involve greyhound racing or gambling.***

*Oxford City Council has designated Oxford Stadium for leisure activities in the latest Local Plan. The site is currently owned by a developer, and leased to someone who is planning to reopen the Stadium as a venue for greyhound racing.*

*Greyhound racing failed at Oxford Stadium in 2008 - there is no widespread support for this activity across the UK or for resuming it in our city; the cruelty involved in breeding and racing greyhounds is well documented, and should no longer be part of a city with Oxford's reputation.*

*The site can be put to much better use as a leisure facility that is inclusive, providing a range of activities for all ages and disabilities, centred around Oxford's renown as a cycling city through the development of a velodrome. This focus will enable a variety of biking activities as well as the attraction of an elite sport, offering a hub for additional activities including reuse of the existing building.*

Nigel Gibson, the petition organiser, addressed Council.

Cllr Brown, Leader of the Council advised that the Council was due to debate a motion (17a) later in the meeting on 'No Greyhound Racing in Oxford' and that the issues raised in the petition organiser's address had been formally responded to at the previous Council meeting, as detailed in the report.

Cllr Fouweather, seconded by Cllr Pegg, proposed the submitted motion as set out in the agenda and briefing note.

Cllr Brown, seconded by Cllr Linda Smith, proposed the amendment as set out in the briefing note.

Council debated the motion and amendment. Following debate, and on being put to the vote, the amendment was agreed.

On being put to the vote the amended motion was then agreed.

**Council resolved to adopt the following motion:**

The reopening of the stadium in Sandy Lane is a welcome addition to Oxford's leisure activities. The stadium has had a chequered history since the mid-1970s and decreasing interest in greyhound racing directly contributed to its decline.

In 2005, Risk Capital Partners with Galliard Homes purchased the failing stadium. Plans for 150 houses and 75 flats were mooted but the Council's statement in favour of keeping the land for leisure use stalled the development. Greyhound racing and speedway continued until 2012 when the Greyhound Racing Association closed the stadium down.

After a decade of disuse, it was announced last year that a new owner planned to bring back greyhound racing to the Oxford Stadium.

This is a concern for the following reasons:

- **Animal welfare:** In 2019, the last full year of racing, the Greyhound Board of Great Britain recorded 4,970 injuries on registered tracks. Despite limited racing, in 2020 there were still 3,575 injuries. Dog welfare is poorly regulated on and off the track, with Parliament's Environment, Food and Rural Affairs Committee calling for stronger regulation of the industry. The Government has failed to back up the Welfare of Racing Greyhounds Regs 2010 with stronger legislation.
- **Gambling:** Inevitably greyhound-racing is focused on gambling. There has been considerable research about the effect of gambling on individuals and communities, recently by Dr N. Muggleton (Brasenose College): "gambling is associated with addiction and harmful outcomes for others."
- **Active leisure:** The continuation of greyhound racing at the stadium prevents it being used for more active leisure-based activities. Council notes there has been an informal assessment of the site by British Cycling who have stated it would be suitable as a velodrome, combined with a BMX and learn-to-ride facility, with ample space for other community uses.

The Council considers itself to be a caring Council which seeks the highest standards of welfare for all animals.

**This Council calls on the Leader to:**

- Write to the UK Government calling for the introduction of legislation incorporating the recommendations of the 2016 Greyhound Welfare EFRA Report.

*Cllr Hall left the meeting and did not return.*

**b) Council provision of period products (proposed by Councillor Rawle, seconded by Councillor Pegg) [amendment proposed by Cllr Aziz, seconded by Cllr Upton]**

Cllr Rawle, seconded by Cllr Pegg, proposed the submitted motion as set out in the agenda and briefing note.

Cllr Aziz, seconded by Cllr Upton, proposed the amendment as set out in the briefing note.

Council debated the motion and amendment. On being put to the vote, the amendment was agreed.

On being put to the vote the amended motion was then agreed.

**This Council notes that:**

- The average menstruating person spends £4800 on period products in their lifetime (Bloody Good Period, 2019)
- 36% of girls aged 14-21 in the UK struggled to afford or access period products during the coronavirus pandemic, equivalent to over a million people (Plan International, 2021)
- Half of these girls could not afford period products at all and 73% said they had to use toilet paper instead of pads or tampons at some point
- Inability to buy period products leads to social exclusion, particularly from education (Global Citizen, 2018)
- Period poverty is a particular problem for refugees and those in the asylum system, who receive under £40 a week in state support (Bloody Good Period/Women for Refugee Women, 2019)
- Young Women's Music Project currently delivers a volunteer-run distribution network in Oxford to support people who menstruate or have young children and cannot access sanitary products or nappies
- Under the Period Products (Free Provision) Scotland Bill, the Scottish Government, sponsored by Labour MSP Monica Lennon, has set up Scotland-wide scheme to allow anyone who needs period products to get them free of charge, and gives the Scottish Government the power to make public bodies including schools, colleges and universities provide period products for free (Scottish Parliament, 2021)
- As part of the Welsh Labour Government's Period Dignity Strategic Action Plan, funding has been provided to local authorities and Further Education institutions to ensure that period products can be accessed free of charge by learners in schools, Further Education Institutions and to those in need in communities (Welsh Government, 2021)

**This Council believes that:**

- Everyone who requires period products should be able to access them for free
- A person's period should not prevent them from succeeding in life

**This Council resolves to:**

- Work with period poverty charities and organisations in the city to provide free period products including sustainable ones in public toilets and other public buildings including the Town Hall and community centres – in female, male, disabled and gender neutral facilities, including options to:
  - Explore whether any free disposable period products provided can be sustainably sourced
  - Provide sanitary waste bins in all toilets, not just female toilets
  - Publicise the provision of free period products including through council communication channels
- Call on the Cabinet Member for Health and Transport to:
  - Write to the County Council encouraging it to widen access to free period products across Oxfordshire, providing free period products in toilets of all public buildings including libraries, schools and colleges.
  - Write to the Minister for Women and Equalities, calling on the UK government to make period products free and available to all who need them across England, as has been done in Scotland and Wales

**c) BBC Oxford Cuts (proposed by Cllr Brown, seconded by Councillor Chapman)**

Cllr Brown, seconded by Cllr Chapman, proposed the submitted motion as set out in the agenda and briefing note.

Following debate and on being put to the vote, the motion was agreed.

**Council resolved to adopt the following motion:**

This Council condemns the BBC's proposal to end the transmission of its Oxford based television news bulletins from its headquarters in Summertown and urges it to drop this cost saving plan.

This Council acknowledges the Conservative Government has deliberately made the BBC's funding position very challenging by freezing the licence fee but this plan will minimise coverage of Oxfordshire issues and lead to an unacceptable reduced regional news service on television at peak viewing times.

The plan to present all the regional news programming from Southampton by creating a single edition of South Today with no segment committed to Oxford news serves no local resident well. With a much larger region to cover, all BBC South Today viewers will get less local coverage and Oxfordshire on the edge of the region is likely to miss out on a regular basis.

The move comes at a time when local journalism is under threat, with cash starved local newspapers and persistent BBC cuts already having hollowed out local radio and newspaper news coverage.

This is also a cut that disproportionately affects older people and those without access to digital services. There are still many people who choose to get their news through TV and newspapers and for them an increased online service is no substitute.

The BBC argument that audiences are relatively low to the Oxford segment of South Today is not the point. The value of regional television news services is about more than audience size – it is about an informed public able to hold decision makers to account. Local democracy will be worsened by this BBC Plan.

This Council recognises that councils across the affected areas are joining together to condemn these cuts.

This Council calls upon the Leader of the Council to:

- Write to the Chair of the BBC Trust and its Director General demanding the cuts be scrapped, and urging the BBC to boost coverage of local government across all its news media, and in particular re-instate its Local Democracy scheme reporter post based in Oxford;
- Write to Anneliese Dodds MP and Layla Moran MP, including a copy of the Council's letter to the Chair of the BBC Trust and its Director General, requesting that they also raise this issue;
- Request an urgent meeting with the BBC Nations Director Rhodri Talfan Davies to impress upon him the damage this proposal will do to local journalism;

Write a letter of support to the Trades Unions, including the NUJ and BECTU, who represent staff at BBC Oxford to fight the cuts and rule out any compulsory redundancies.

**d) Sustainable Street Trading (proposed by Councillor Miles, seconded by Councillor Muddiman)**

Cllr Linda Smith, seconded by Cllr Hollingsworth, proposed a motion without notice under 11.19(d) of Oxford City Council's Constitution to refer this matter to the General Purposes Licensing Committee to carry out its functions to review and recommend policies on licensing to Council (Constitution 5.7(b)).

**e) Tackling and Preventing Child Poverty (proposed by Cllr Djafarbi-Marbini, seconded by Cllr Dunne)**
