1	Loss of capital investment due to a counterparty collapsing	The Council loses its principal investment or an investment becomes impaired.	T	Counterparty collapses or hits a financial crisis rendering it unable to repay investments.	The Council may lose money or repayment of funds could be significantly delayed which could have an adverse impact on operational funding levels	05/08/16	Bill Lewis	5	3	5	3	5	3	Reducing risk by limiting the use of high risk counterparties. Imposing a maximum investment value on approved counterparties in order to spread and reduce risk. Controls and procedures are in place to ensure investment and durations limits with approved counterparties are not exceeded. Counterparties are also monitored and reviewed on a weekly basis at least, or more regularly if considered necessary to do so.	Ongoing	Ongoing	100%	Bill Lewis	
2	Pooled fund investments lose value	The value of the Council's units held in pooled fund investments decreases.	T	Uncertainty in the commercial property market and investment markets following Brexit, Covid and slowdown in general economic activity.	Capital depreciation will decrease the overall value of the investment.	05/08/16	Bill Lewis	4	3	3	3	3	2	The Council receives monthly valuations from the fund managers detailing the indicative redemption value of the individual units. These are reported to the Head of Finance on a monthly basis. The Council has the option to sell its units if there is a concern that the fund value is likely to decrease for a prolonged period. 3	Decline in interest rates	Interest rates continue to fall with very little prospect of upward movement in the next 12 months.	T	Economic growth forecasts remain subdued leading to low interest rates. Consequently lower risk counterparties tend to offer low investment rates.	The Council may not achieve its target level of interest.	05/08/16	Bill Lewis	2	3	2	3	2	3	In the current economic climate where rates tend to be static, arranging investments over a longer period of time where possible will allow the Council to capitalise on a higher rate of return without there being an opportunity cost. The Council continually monitors base rate and rates being achieved against budget to ensure it has secured the best value possible in a difficult economic climate.	Ongoing	Ongoing	100%	Bill Lewis

8	Lack of suitable counterparties	The Council does not have enough "space" with approved counterparties to place investments/deposit surplus cash balances.	T	Rising cash balances and a restricted counterparty list	Use of counterparties not paying best value rates.	05/08/16	Bill Lewis	3	4	3	3	3	3	The Council continually monitors its approved counterparty listing in conjunction with cash balances. Any potential new investment opportunities are discussed at Treasury Management performance meetings. The Council utilises money market and enhanced cash funds to deposit surplus cash balances in the event of no space with other counterparties and also to ensure there is always cash instantly available in order to meet payment obligations when they fall due. However, there are also limits on the amounts deposited to such funds. The Council has a facility to deposit cash with the Debt Management Office should all other investment options be exhausted.
