or the welfare of children and vulnerable adults

The Safeguarding policy was developed and subsequently updated with the aim to have a positive impact on each equality strand.

The internal safeguarding awareness briefing includes legislation relevant to safeguarding, including the Equality Act 2010.

Safeguarding duties and the Council's response to safeguarding applies to all children and adults with care and support needs. The Council's duties and response will be maintained irrespective of any of the above equality strands.

- Race - PREVENT training is promoted throughout organisation and available through the safeguarding boards.
Support for asylum seekers, migrants and refugees is provided by a dedicated team.
Partnership work is undertaken in line with the anti-racism charter and Race Action Plan.
The annual self-assessment background paper details consultation with ethnic minority groups.
- Disability – disabilities are recognised as a care and support need for which safeguarding duties apply to adults. This legislative framework forms part of the safeguarding policy.
- Age – the safeguarding policy sets out the legislation relating to safeguarding duties for children and adults and how these differ. The safeguarding procedures detail different referral pathways depending on the age of the person the organisation intends to safeguard.
- Gender Reassignment - Hate crime has increased since the end of pandemic restrictions, this may result in increased reports of safeguarding. The policy ensures that the Council will use the appropriate referral pathways and work with appropriate organisations to ensure victims get the support that they need.
- Religion or belief – Honour based abuse training is available through the OSCB. Oxford City Council works in partnership with countywide organisations in line with the anti-racism charter and Race

	<p>Action Plan.</p> <ul style="list-style-type: none"> • Sexual orientation – Hate crime has increased since the end of pandemic restrictions, this may result in increased reports of safeguarding. The policy ensures that the Council will use the appropriate referral pathways and work with appropriate organisations to ensure victims get the support that they need. • Sex – Our approach to domestic and sexual abuse ensures our services are flexible to the needs of the sex of the victim. • Pregnancy or maternity – Women are at heightened risk of abuse and violence during this period. DASH risk assessments are completed by domestic abuse housing link workers, this includes pregnancy and maternity. The DA lead was consulted in the development of the updated policy and procedures. • Marriage and civil partnership – We can respond and ensure those who need a safeguarding response because they are a victim, will be able to access a suitable response. <p>Impacts on each strand are proportionately positive. Any disproportionate impacts will be monitored within safeguarding processes.</p>
<p>6. Consideration of Measures:</p> <p>This section should explain in detail all the consideration of alternative approaches/mitigation of adverse impact of the policy</p>	<p>There is no alternative approach. Oxford City Council have a statutory duty to comply with local safeguarding boards' requirements and national legislation.</p> <p>Mitigation of adverse impact is ensured upon consideration of actions within the safeguarding action plan.</p> <p>Training and awareness of safeguarding and associated policies and procedures exceeds annual targets, this mitigates any impacts where the policy and procedures may not be fully understood.</p>

	<p>The 23-24 annual safeguarding action plan includes an internal audit of safeguarding practices within the organisation. This will also mitigate any impacts of non-compliance due to lack of awareness or training.</p> <p>The Safeguarding policy has been developed with reference to the Equality, Diversity and Inclusion and Thriving Communities Strategies, grants reviews and the service integration project. These include mitigation of impact and associated EIAs; using a whole system approach and collaborative, collective working</p> <p>Other associated strategies and consideration of measures: Easy read documents mitigate negative impacts emerging from visual impairment or where English is not a first language.</p>
<p>6a. Monitoring Arrangements:</p> <p>Outline systems which will be put in place to monitor for adverse impact in the future and this should include all relevant timetables. In addition it could include a summary and assessment of your monitoring, making clear whether you found any evidence of discrimination.</p>	<p>The Council will complete an annual safeguarding self-assessment to measure the organisation's performance against standards set by the local safeguarding boards.</p> <p>The safeguarding risk register identifies areas of risk and associated impacts. Identification of these risks creates an awareness to help mitigation of negative impacts.</p> <p>The Council's safeguarding action plan contains actions in support of the self-assessment, safeguarding policy development, OSCB and OSAB's requirements and other local and national safeguarding priorities. Progress on the action plan is reviewed every six months and reported to the Strategic Safeguarding Group.</p> <p>Monthly updates of recorded safeguarding concerns to Corporate Management Team.</p> <p>Using externally provided case management system to identify emerging safeguarding trends and themes and inform safeguarding action plan.</p> <p>This policy will be reviewed annually. All changes are discussed with the Cabinet Member.</p>

		This policy is presented to Cabinet for approval every three years and more frequently if required by the Cabinet Member or Scrutiny process.
