

Appendix 2: City-wide conversation forum

Purpose

In developing the Council's [Thriving Communities](#) and [Citizen Experience](#) strategies with city-wide internal and external partners, anchor institutions, the voluntary sector etc. (stakeholders) the Council identified several shared outcomes such as improving digital skills, access to technology, employability skills, accessibility of services and connecting to health & wellbeing services.

Input in developing these strategies was essential, during the consultation the Council committed to continuing the conversations on how it can work together to support Oxford's citizens and communities to thrive.

As such, a wide range of stakeholders were invited to a forum on Friday 24 November 2023 Rose Hill Community Centre between 9:30 and 2:30 pm.

The session was delivered as a workshop to help collectively tease out practical actions to move closer to delivering these shared outcomes.
