

Why do an Equalities Impact Assessment (EqIA)?

1. Equalities Impact Assessment (EqIA) is part of Oxford City Council's **Public Sector Equality Duty (PSED) (Equality Act 2010)**.

The General PSED enables Oxford City Council to:

- a. **identify and remove discrimination,**
 - b. **identify ways to advance equality of opportunity,**
 - c. **foster good relations.**
2. **An EqIA must be done before making any decision(s)** that may have an impact on people and/or services that people use and depend on.
 3. An **EqIA form is one of many tools** that can simplify and structure your equalities assessment.
 4. We are passionate about equalities, and we highly recommend that **Corporate Management Team (CMT) reports and all projects must attach an EqIA.**

For questions, queries, and a chat about how to do your EqIA, please email your EDI officers:

1. Mili Kalia – milkalia@oxford.gov.uk
2. Sobia Afridi- safridi@oxford.gov.uk

Please do refer to our [SharePoint Page](#) for support such as FAQs and Examples, etc.

A good EqIA has the following attributes:

1. **Comprehensively considers the 9 protected characteristics.**

1. Age	6. Race & Ethnicity
2. Disability	7. Religion or Belief
3. Gender Reassignment	8. Sex
4. Marriage & Civil Partnership	9. Sexual Orientation
5. Pregnancy & Maternity	

2. It has **considered equality of treatment** towards service users, residents, employees, partners, council suppliers & contractors, and Council Members
3. Sufficiently considered **potential and real impact** of proposal or policy on service users, residents, employees, partners, council suppliers & contractors, and Council Members.
4. **Systematically recorded and reported** any potential and real impact of your proposal or policy on service users, residents, employees, partners, council suppliers & contractors, and Council Members
5. **Collected, recorded, & reported sufficient information and data** on how your policy or proposal will have an impact.
6. Offers **mitigations or adjustments** if a PSED has been impacted.
7. Provides clear **justifications** for your decisions.
8. It is written in **plain English** with simple short sentence structures.

Section 3: Understanding service users, residents, staff and any other impacted parties.

17.	<p>Have you undertaken any consultations in the form of surveys, interviews, and/or focus groups?</p> <p>Please provide details— -when, -how many, and -the approach taken.</p>	<p>The consultation consisted of a widely publicised, open-to-all, online questionnaire (which ran from the 12 February to 8 April), combined with a proactive approach to a wide range of stakeholders for the Council's green spaces. The total number of responses to the online survey was 523. Other comments and suggestions were provided separately from the online survey via email/letter. In addition to recording the quantifiable number of votes in support or opposition to the overall proposal and individual byelaws, all of the comments submitted on the online survey, and those provided separately, were reviewed to identify general feedback themes, concerns and suggestions. A full report has been prepared on the consultation which also contains a set of recommendations and an updated regulatory assessment based on the</p>

23.	Please explain how you have reached your conclusions above.	<p>1. The Council has consulted with those potentially affected by the proposed byelaws, including proactive approaches to an extensive range of stakeholders to seek their involvement and feedback. In addition to providing clear support for the proposed byelaws (with amendments), a significant majority of respondents did not feel they would be unduly impacted by the adoption of the proposed byelaws.</p> <p>2. The over impact of the changes the existing byelaws are positive, particularly for children and young people who currently face unnecessary restrictions and negative and conflicting messages around developing healthier lifestyles. However, it will be important to continue to monitor public feedback on the following protected characteristics: Age, Disability, Pregnancy and Maternity, particularly in relation to potential impacts of cycling in parks.</p> <div style="text-align: center; margin-top: 20px;">  <p>OXFORD CITY COUNCIL</p> </div>
